

Dear Exhibitors,

We are excited to extend an invitation for you to join us at the **23rd Annual Space Coast Birding and Wildlife Festival (SCBWF)**, January 22–27, 2020. Exhibit Center dates are Wednesday, January 22 through Saturday, January 25.

One of this year's festival highlights will be woodpeckers starting with our headline speaker Steve Shunk, author of *Peterson Reference Guide to Woodpeckers of North America*. In addition, there will be other woodpecker related activities as well as our outstanding assortment of workshops, field trips, spotlight presentations, boat trips, classroom presentations, and renowned wildlife photographers. Our other focus will be on the **2nd Annual Space Coast Family Wildlife Adventure Day** and inviting travel agents/meeting planners for **Tour Operator Thursday** with George Armistead as our featured keynote. This is an outstanding opportunity for destination companies to expand their potential markets. With our projected participation of our camera and optic companies this promises to be another outstanding year.
